Editor in Chief

International Journal of Integrated Health and Science

Dear Sir,

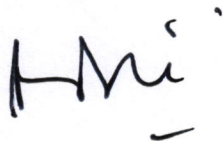

Please find the submission of our manuscript,

Association of Ki-67 expression and response neoadjuvant chemotherapy on invasive breast cancer patient in Bandung

which we would like to submit for publication in the International Journal of Integrated Health Science. In this manuscript, we compared the size of tumour before and after neoadjuvant chemotherapy between 3 Ki-67 expression categories, and conducted an analysis of the predictive value of Ki-67 towards neoadjuvant chemotherapy outcome. The study was conducted using retrospective analyses from medical records of patients with invasive breast cancer in Dr. Hasan Sadikin General Hospital Bandung.

Author and all co-authors have seen and agreed with the contents of the manuscript and there is no financial interest to report. We certify that the manuscript submitted is an original work and is not under review at any other publication. We thank you for considering our manuscript for publication in the International Journal of Integrated Health Science and look forward to hearing from you at your earliest convenience.

Sincerely yours,
