Dear Sir/Madam,

We wish to submit an original research article entitled "**Functional Recovery with Peripheral Nerve Block of a Rare Case of Sciatic Nerve Schwannoma without Intraoperative Neurophysiological Monitoring**" for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because the sciatic nerve schwannoma is uncommon, accounting 1% of all schwannoma. Our aim is to report the functional recovery with peripheral nerve block after lower limb surgery of sciatic nerve schwannoma without intraoperative neurophysiological monitoring (IOM). All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,
