ABSTRACT

Irfantara, Dhimas. 2014. **John Skillpa's Dissociative Disorders in *Peacock***. Study Program of English, Department of Languages and Literature, Faculty of Cultural Studies, Universitas Brawijaya. Supervisor : Drs. Sugeng Susilo Adi, M.Hum; Co-Supervisor : Fredy Nugroho S., S.S., M.Hum.

Keywords : Mental Disorders, Dissociative Disorders, Movie Study, *Peacock*

Dissociative disorder in general refers to a disorder that causes someone find difficulties in mingling with others, since he or she has multiple personalities. Someone who lives with the phenomenon of dissociative disorder found in *Peacock* the movie.

The result from the thesis shows that the main character of the movie, John Skillpa suffers mental disorder. The type of mental disorder suffered by John Skillpa is dissociative disorder. Dissociative disorder can be categorized into four disorders namely dissociative amnesia, dissociative fugue, depersonalization disorder, and dissociative identity disorder. By having these four disorders, John Skillpa finally has multiple personality.

The writer suggests that the next researchers to apply other perspectives in analyzing the movie, such as anxiety approach to analyze anxiety of main character in the film.

ABSTRAK

Irfantara, Dhimas. 2014. **Gangguan Disosiatif John Skillpa dalam Film *Peacock***. Program Studi S1 Sastra Inggris, Jurusan Bahasa dan Sastra, Fakultas Ilmu Budaya, Universitas Brawijaya. Pembimbing I : Drs. Sugeng Susilo Adi, M.Hum, Pembimbing II : Fredy Nugroho S., S.S., M.Hum.

Kata Kunci : Gangguan Mental, Gangguan Disosiatif, Study Film, *Peacock*.

Gangguan disosiatif secara umum berarti sebuah gangguan yang menyebabkan seseorang sulit menjalin hubungan sosial dengan baik dengan lingkungan sekitar, sejak seseorang memiliki kepribadian ganda. Seseorang yang hidup dengan fenomena gangguan – gangguan dissociative ditemukan dalam film *Peacock*.

Pada thesis ini menampilkan karakter utama dalam film yang bernama John Skillpa yang mengalami gangguan mental. Jenis – jenis dari gangguan mental yang dialami oleh John Skillpa adalah gangguan dissociative. Gangguan dissociative dapat dikategorikan kedalam empat gangguan; amnesia dissociative, fugue dissociative, gangguan depersonalisasi, dan gangguan dissociative identitas. Dengan beberapa gangguan tersebut, John Skillpa memiliki kepribadian ganda.

Penulis menyarankan kepada peneliti – peneliti selanjutnya untuk mengaplikasikan perspektif lain dalam menganalisa film *Peacock*, seperti pendekatan kecemasan yang dialami oleh karakter utama dalam film.
